II. Transfer Requirements

A. Title, Right, or Interest

In their application, J. B. Brown & Sons submitted copies of property deeds transferring ownership of the facility to J. B. Brown & Sons. The parties have provided sufficient evidence of title, right, or interest in the facility to allow the transfer of the facility's license.

B. Technical Capacity and Intent

J. B. Brown & Sons' acquisition of the facility is not expected to result in any significant change in the operation or usage of the emergency generator. The information submitted in the application provides sufficient evidence that J. B. Brown & Sons has the technical capacity and intent to comply with their air emission license.
